

ON-PREMISE LAUNDRY T-400 WASHER

T-400 WASHER

Dexter C-Series On-Premise Washer

On-Premise laundry solutions you can depend on.

Dexter C-Series on-premise washers are engineered to show up for work in even the harshest laundry environments. Featuring flexible controls and the same Dexter quality materials and structures our customers have come to trust, each on-premise washer is designed to help you process laundry faster and more efficiently.

When your business depends on clean laundry, choosing the right equipment is an important decision. Our products will provide you the efficiency, flexibility, performance, and durability you need to be confident in your choice. With lifetime technical support and an industry leading 10 year limited warranty, you can be confident that we will stand behind every machine you invest in.

Contact your Dexter Authorized Distributor today for more details.

DURABLE:

With heavy-duty bearings in a cast iron bearing housing, a welded steel spider and shaft, and a rugged frame design that has been proven over two decades, Dexter washers are built to last.

Every model is tested thoroughly with our 1,000 hour out-of-balance test.

The polished chrome doors and AISI 304 stainless steel tub, cylinder, top, front, and side panels keep washers looking great year after year.

RELIABLE:

Our industry leading 10 year warranty covers the frame, tub, cylinder, shaft, seals, bearings, and bearing housing.

A 3 year parts warranty covers the rest.

We stand behind every machine you invest in with lifetime technical support.

EFFICIENT:

Perforated cylinders and raised baffles create superior wash action, while the efficient washer design saves water on every cycle.

The automatic chemical injection feature allows for the perfect combination of chemicals and helps protect your staff from harmful substances.

Standard 100 g-force extraction removes more water and enhances turnover with great wash performance.

INSTALLATION:

Adjustable final extract speeds and other customizable options allow Dexter washers to fit almost any installation.

This Dexter washer fits through a standard 36" doorway.

FLEXIBLE:

The 6 cycle control provides a flexible and easy to use control with six preset cycles that are programmable to fit your laundry needs.

The key-lock programming access allows quick access for programming and troubleshooting.

OPTIONS:

Dexter C-Series 100G washers are available in 20lb, 30lb, 40lb, 60lb, and 80lb capacities.
